

## Impact in Mississippi of the Affordable Care Act (ACA) (from OPE, U.S. Department of HHS)<sup>1</sup>

### Coverage Gains in Mississippi thanks to the ACA (2010-2015)

- 161,000 people gained coverage, including
- 22,000 young people who gained coverage by staying on their parents' plan until 26 years of age
- An overall (even w/o Medicaid expansion) 5.5% decline in the uninsured.

### Gains in Care, thanks to the ACA (2015)

- 345,857 Medicare Part B patients received free preventive services.

### Consumer savings thanks to the ACA (Q1, 2016)

- For people with ACA Marketplace Plans
  - 73,246 people received subsidies averaging \$306/month
  - equals \$3672 in savings per person per year
- For people with Employer Group Plans
  - premium decrease from 8.7% annual growth rate in 2000-2010 to a 3.2% annual growth rate in 2010-2015
  - equals \$4700 annual savings per family in 2015
  - equals \$6000 annual savings per family in 2016

*All these benefits lost to Mississippi families if the ACA is repealed.*
