

MARCH 2018

HIV AND RYAN WHITE TENNESSEE

HIV IN TENNESSEE, BY THE NUMBERS : ¹

16,425: the number of Tennesseans living with diagnosed HIV/AIDS in 2015.

82.66% of individuals diagnosed in 2016 were male.

12th in the nation: for HIV related death rates in 2015.

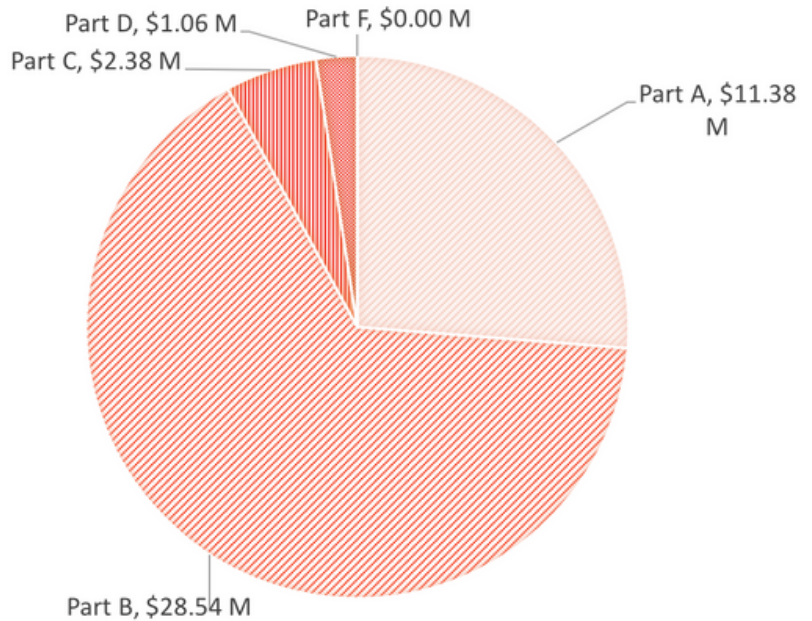

60.3% of individuals diagnosed in 2016 were between age 13 and 34.

DEPENDS ON RYAN WHITE : ²

- An estimated **12,834 Tennesseans** received services through Ryan White in 2015.
- **61.6%** were living at or below the poverty line.
- Since Ryan White is legally required to be the "payer of last resort," these people did not have other access to medical or support services.

Federal Ryan White Funding in TN ³

Part A: \$11.38M

Part B: \$28.54M

Part C: \$2.38M

Part D: \$1.06M

Part F: \$0.0M

Tennessee received **\$43.36 million** in federal Ryan White funds in 2017:

- **\$14.1 million** went to ADAP.
- **\$11.38 million** went to Nashville and Memphis, the state's only cities eligible for Part A funding for urban areas. As a result, Part B funding (for states) is particularly important in Tennessee.

RYAN WHITE WORKS!

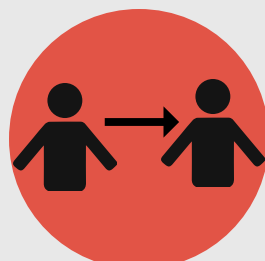

Ryan White services keep HIV-positive individuals in treatment and care

With treatment, people with HIV can live active, healthy lives.

People whose virus is suppressed for 6 months cannot transmit HIV through sex.

But, if disconnected from care, resistance to medications can develop making it easier to transmit HIV. Moreover, without treatment HIV is deadly.⁴

RYAN WHITE PROVIDES SERVICES ACROSS THE HIV CARE CONTINUUM

HIV CARE CONTINUUM:

THE SERIES OF STEPS A PERSON WITH HIV TAKES FROM INITIAL DIAGNOSIS THROUGH THEIR SUCCESSFUL TREATMENT WITH HIV MEDICATION

While only **58%** of people nationwide have a viral load that is effectively suppressed as of 2014,⁵ **84.9%** of HIV-positive clients who had received at least one Ryan White funded medical care visit have achieved viral suppression.⁶

WITHOUT MEDICAID EXPANSION, TENNESSEE RELIES ON RYAN WHITE MORE THAN OTHER STATES.

2,258 Ryan White program clients living with HIV in Tennessee had no insurance coverage other than Ryan White in 2015.⁷

No other program provides the same set of gap-filling services or care as Ryan White. Even after health reform, **Ryan White remains crucial for Tennessee.**
